

# **Distinctly United 2026**

**International Ecumenical Week for Youths**

**from 27th of July  
to 1st of August**

**Different witnesses  
for a unique novelty**

### Who?

YOUths (18-30 years)  
of different Christian denominations.

### What?

Three moments of daily common prayer with the monastic community;  
in the morning, share of the work with the brothers and sisters of Bose;  
in the afternoon specific activities to learn how to be "distinctly united", starting from some pages of the Acts of the Apostles.

### Where?

By the monastic community of Bose (North Italy), a community composed by Christians of different traditions living together and engaging themselves in ecumenical dialog.

### Language

The sharing will be in English, common prayers will mainly (but not exclusively) be in Italian, more informal exchanges will be in Italian, English and French.

### How?

Contact [ospiti@monasterodibose.it](mailto:ospiti@monasterodibose.it)  
or who told you about this event.

### Why?

To discover that:  
there are young Christians like me belonging to different Churches which are not fully in communion;  
differences can be a way to unity if they lead to a respectful curiosity;  
Christ is one and cannot be divided, so it is an urgent and engaging task to take concrete steps towards the unity of his body..
